

## Mapúa CCESC—the only training center in the Philippines that offers more than 200 short courses

Mapúa CCESC is the only training center in the country that has more than 200 short courses spread in its field of expertise— **Engineering, Information Technology, Safety, Environment, Management, Soft Skills and Training Development.**

Mapúa CCESC partners with the best in the industry to offer **Data Science, Artificial Intelligence, Bloomberg, Autodesk and REVIT, CyberSecurity, CompTIA, EC Council, Environmental Impact Assessment, Pollution Control Officer, Six Sigma and Management, and Japanese** courses. Mapúa CCESC is recognized as a **Safety Training Organization (STO)** by Occupational Safety and Health Center (OSHC) Department of Labor and Employment (DOLE); **CSC Accredited Learning and Development Institution** by Civil Service Commission; **Pollution Control Officer (PCO) Trainings and Seminars Provider** by Department of Environment and Natural Resources (DENR).

Mapúa CCESC offers short courses in **Microcredential Program**—credited as elective courses that have master’s degree unit/s valid for 2 years. As a short course, could be taken in just 8-hour to 40-hour duration instead of following the academic calendar of 11 weeks.

Mapúa CCESC short course comes with a **3-month LinkedIn Learning Subscription** and **Continuing Professional Development (CPD) points.** Mapúa CCESC short courses come with CPD points as accredited by Professional Regulation Commission (PRC).

Mapúa CCESC promotes a career path through its academies—**Project Management, CyberSecurity, Design for Manufacture and Assembly (DfMA), Language and Data Science.** These academies have a complete roster of courses geared towards a specialization and prepare trainees for corresponding certification exams.
